

Welcome

Welcome on the website of Wegusta Holland B.V.

Since 1967 Wegusta Holland B.V. is an established supplier of wear parts which are being used in the following industries:

♦ sand-, gravel- and dredging industry

♦ shipbuilding

♦ steel- and cement plants

♦ power plants and incinerators

♦ chemical industry

♦ handling and storage

♦ paper- and wood industry

♦ recycling industry

♦ food- and drugmanufacturing

Because of our extensive experience in above mentioned industries we can advise our customers what kind of wear materials can help them to reduce maintenance.

Technical specialists, from the factories we represent, can assist you in tackling/solving difficult wear problems.
